

# Avery Dennison® 7500 Protection Films

Extra protection for painted surfaces

Avery Dennison® 7500 Protection Films offer transparent protection to high impact areas on all types of vehicles and even building surfaces or doors.

The films give a simple answer to preventing damage caused by stones, insects, liquids, tooling, parking 'dings' or just heavy usage – all based on the proven performance of Avery Dennison films used by automotive OEMs.

#### KEY BENEFITS:

- > Protects painted surfaces
- > Preserves appearance and financial value
- > Ultra-clear for great aesthetics
- > Minimal cost for maximum protection
- > 'Apply and forget' performance with long operational life

#### KEY FEATURES

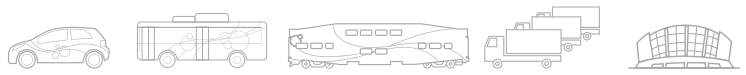

- > Excellent protection for critical body sections
- > Excellent durability
- > Ultra-clear and non-yellowing
- > Conforms to flat and simple curves
- > No impact on paint ageing or fading
- > Dimensionally stable during use
- > High performance, solvent based adhesive
- > Can be removed by professional installer
- > Resistant to high pressure cleaning

#### TYPICAL APPLICATIONS

High impact areas of:

- > Cars, vans, buses and trucks
- > Trains and trams
- > Motorbikes
- > Recreational vehicles
- > Machinery
- > Indoor building surfaces

**PRODUCT RANGE**

Product name	Thickness	Size	Durability
7521 Transparent PU	200 micron	1 m x 50 m	Up to 7 years for vertical applications
7541 Transparent PVC	150 micron	1 m x 50 m	Up to 5 years for vertical applications
7545 Transparent PVC	325 micron	1 m x 40 m	Up to 5 years for vertical applications
