

Avery Dennison® Application Tools

The best possible tools to assist you
with all your graphics applications!

A Squeegee for every job

A Squeegee is a necessary tool for all applications of self adhesive products. We offer a wide variety of Squeegees for different substrates, products and applications.

Squeegee Flextreme

CB2620001
25 sets per box

The FlexTreme is a **micro-squeegee** specifically designed for **vinyl graphics applications**. The blue (harder) FlexTreme is designed to apply film at narrow curves and edges, to ensure seamless application. The red (softer) FlexTreme is an excellent tool for **film application on narrow, concave parts of a car**. This set contains 1 red and 1 blue FlexTreme.

Flextreme Refill Blue

BL9220001
25 sets per box

The FlexTreme is a micro-squeegee that is specifically designed for vinyl graphics applications. The blue (harder) FlexTreme is designed to apply film at narrow curves and edges, to ensure seamless application. This set contains 3 FlexTreme Blue.

Flextrem Refill Red

BL9200001
25 sets per box

The FlexTreme is a micro-squeegee that is specifically designed for vinyl graphics applications. The red (softer) FlexTreme is the ideal tool to support film application in narrow, concave parts of a car. This set contains 3 FlexTreme Red.

Squeegee Pro Flexible

PVC

CA9080002
144 pieces per box
Size: 100 x 75 mm

The Squeegee Pro Flexible is a softer and more flexible version of the Squeegee Pro with one felt side; an excellent choice for curved applications such as wheel arches and car bonnets / bumpers.

Squeegee Pro Rigid

PVC

AP8270002
144 pieces per box
Size: 100 x 75 mm

The Squeegee Pro Rigid is the most rigid squeegee in Avery Dennison's collection, specially designed for flat application of thick and rigid high-performance products. The non-felt side, easily slides over the surface of the film.

Squeegee Pro XL

PVC

CA8120002
96 pieces per box
Size: 130 x 80 mm

The Squeegee Pro XL is a bigger version of the Squeegee Pro. Larger and more rigid, it is great for faster and higher quality application onto large and flat surfaces such as truck sides, buildings and buses

Squeegee Yellow (rigid)

~~PVC~~

BO7840001

96 pieces per box
Size: 125 x 50 mm

The Squeegee Yellow (rigid) is a non felt Squeegee. Due to the form and flexibility, this squeegee is an essential support in the application of our Window Film and Paint Protection Film portfolio. The Squeegee Yellow is more rigid than the Squeegee Orange but still flexible.

Squeegee Orange (flexible)

~~PVC~~

BO7850001

96 pieces per box
Size: 125 x 50 mm

The Squeegee Orange (flexible) is a non felt Squeegee. Due to the form and flexibility, this squeegee is an essential support in the application of our Window Film and Paint Protection Film portfolio. The Squeegee Orange is more flexible than the Squeegee Yellow.

PPF Squeegee Pro Flex

CM7800001

140 pieces / box
Size small: 65 x 75 mm

CM7810001

140 pieces / box
Size large: 100 x 75 mm

When applying Paint Protection Film the correct squeegee is critical to achieve the optimal result. The Avery Dennison PPF Squeegee Pro Series has been tested in collaboration with installation experts to deliver optimal surface contact. This enables installers to achieve the correct install pressure resulting in the best possible finish and enhanced vehicle protection. Available in two convenient sizes and two different hardnesses for applicators to choose depending on their preference.

Squeegee Pro

~~PVC~~

CA3480002

144 pieces per box
Size: 100 x 75 mm

The Squeegee Pro is a medium flex squeegee with one felt side. It is a highly effective tool for flat or slightly curved surfaces. A great choice for vehicle wraps and day-to-day applications such as flat wall panels.

Squeegee Strips

CK3890001

1 box, 25 pieces per pouch,
20 pouches a box,
500 strips total

The Squeegee Strip is a soft cloth strip with a self adhesive tape on one side. The Squeegee Strips are used to replace the cloth already pre applied on the Squeegees. The Squeegee strips are made from the same cloth and have the same size as the already pre applied strips on our Avery Dennison Squeegee Pro, Pro Flexible and Pro Rigid. The Squeegee Strips are easy to apply and enable higher quality application.

PPF Squeegee Pro Rigid

CM7820001

140 pieces / box
Size small: 65 x 75 mm

CM7830001

140 pieces / box
Size large: 100 x 75 mm

When applying Paint Protection Film the correct squeegee is critical to achieve the optimal result. The Avery Dennison PPF Squeegee Pro Series has been tested in collaboration with installation experts to deliver optimal surface contact. This enables installers to achieve the correct install pressure resulting in the best possible finish and enhanced vehicle protection. Available in two convenient sizes and two different hardnesses for applicators to choose depending on their preference.

Squeegee Strip Roll

CK3900001

1 box, 10 rolls
Length per roll 5m

The Squeegee Strip Roll is a roll of self-adhesive cloth strip that can be cut to size and applied onto a Squeegee without felt or to replace a Squeegee's cloth. The strips are easy to apply and enable higher-quality application. A handy ruler on the side of the box helps with the measurement of the strip before cutting. The Squeegee Strip Roll is made from the same cloth as the already pre-applied strips on our Avery Dennison Squeegees.

Liquids

No matter which stage of application you are in – prior, during or after – With Avery Dennison liquids you always have the right support.

Surface Cleaner 1 ltr UN 1993 LQ Class II

The Surface Cleaner is a high-performance cleaner that enables you to remove all kinds of residue using one single product, including dirt, wax, tectyl, light silicone, cock-pit sprays, and more. A highly user-friendly cleaner, especially designed for the degreasing phase prior to application.

CA3750001
6 x 1 L per box

Flat Surface Cleaner

CB1380001
4 x 5 L per box

The Flat Surface Cleaner is suitable for large flat panels and rigid-sided trucks. An effective choice for removing day-to-day dirt from substrates during first pass cleaning. A great cost effective solution for large surface preparation.

Adhesive Remover UN 1993 LQ Class III

The Adhesive Remover is a high performance cleaner designed to remove adhesive left on the substrate after removal of graphics. It is supplied in a pistol-grip spray can for easy and accurate targeting of adhesive residue.

CA6970001
6 x 0.5 L per box

SWC Cleaner

BC2480001
6 x 946 ml per box

The Supreme Wrap Care Cleaner is a general cleaning product to be used on wrapped surfaces. The Cleaner eliminates dust, light dirt, fingerprints and other marks.

SWC Power Cleaner

BC2510001
6 x 946 ml per box

The Supreme Wrap Care Power Cleaner provides extra power to deal with difficult localized stains such as bird droppings, road grime, tree sap and much more on wrapped surfaces. After use of the Power Cleaner we advise to re apply the Supreme Wrap Care Sealant to the same spot.

SWC Sealant

BC2570001
6 x 946 ml per box

Supreme Wrap Care Sealant provides a protective layer on wrapped surfaces. This makes it easier to clean off everyday challenges like dirt, bird droppings and tree sap, protecting the film and keeping it in good condition.

SWC Sample Kit

BI9470001
1 set per box

The Supreme Wrap Care sample kit contains smaller bottles of existing SWC Sealant, Cleaner and Power Cleaner products as well as a microfibre towel and a information card about the Supreme Wrap Care series. The kit can be used for sampling and/or testing purposes.

Edge Sealer

BP2530001
6 x 0.5 L

Avery Dennison Edge Sealer is a colorless durable product, recommended to seal off the edges of a wrap in demanding enviroment like marine (above the waterline) or area with a high risk of chemical contamination. Edge-sealed wraps resist water and chemical penetration.

Application Gel

1L Bottle made of minimum
50% recycled material

BP6340001
6 x 1 L/Box
BP6330001
4 x 5 L/Box

Avery Dennison Application Gel is a transparent gel designed to support the application of paint protection film. The gel facilitates the ease of application keeping the substrate well moisturized providing the right tack and positioning of the film during installation. The Avery Dennison Application Gel residues can be easily cleaned after application, even when fully dried. The Avery Dennison Application Gel is available in a 1L bottle and in a 5L refill canister, the gel can be used with the Avery Dennison Spray Bottle 1.2 L as well.

Knives, cutters & spare blades

Your skills combined with our high quality cutting tools, help you to cut quick and precise during your application.

Application Knives

CA6460001
240 pieces per box

The Application Knife is specially designed for graphics applications. It has a 30°-angled blade for accurate cutting.

Cutter

CA8140001
36 pieces per box

The Cutter has a strong, durable metal casing that holds a 30°-angled blade securely, for accurate cutting. It offers robust durability and better control, with a casing that does not flex.

Snitty

CA6420001
120 pieces per box

The Snitty is a mini-slitting tool, used for cutting self adhesive material. With the blade not exposed, cutting material from a roll is easy and safe done. The Snitty comes with a one blade refill.

Spare Blades Box

CA9090001
45 pieces per box

The Spare Blades Box combines the functions of a dispenser and a disposable container. Supplied complete with 15 spare blades (30° blade angle). The snap-off blade tips are very sharp, and can be safely stored in the tool's special Spare Blade Box.

Stainless Steel Spare Blade Box

BM3290002
45 pieces per box

The Stainless Steel Spare Blades Box combines the functions of a dispenser and a disposable container. Supplied complete with 15 stainless steel spare blades (45° blade angle especially for cutting on glas). The snap-off blade tips are ultra sharp, and can be safely stored in the tool's special Spare Blade Box. The stainless steel blades are highly recommended for wet application due to their given resistance to rust.

Various/Other

From Spray Bottle and Gloves to full Application Kit, we provide what professional applicators needs to get a job done.

Spray Bottle 1,2 l

BM3110002

1 bottle per box

The Spray Bottle is a high quality bottle used during the wet application, to distribute the water/soap mixture evenly onto the application surface & material. The bottle can be used in all orientations/angles and will not stop the supply of the liquid even when turned upside down. The bottle has a volume of 1.2l.

Magnets

CA6400001

50 pairs per box (100 pieces)

The Magnets are a highly practical aid for holding and positioning graphics on a substrate. The strength of magnetic attraction is sufficient to replace masking tape.

Magnets 20 pairs

BL9250001

20 pairs per box (40 pieces)

The Magnets are a highly practical aid for holding and positioning graphics on a substrate. The strength of magnetic attraction is sufficient to replace masking tape.

Application Glove

CA3640001

100 pieces per box

The Application Glove is a soft, seamless glove that helps smooth graphics over the application surface and into curves and recesses. The glove has one size and two gloves are packed in a recyclable paper bag.

Toolbelt

CB0650001

20 pieces per box

The Toolbelt is a specially-designed waist belt that allows you to keep all of your tools with you at all times. A metal plate is included on the front to hold magnets. One size fits all.

Application Set

CA8130001

1 set per box

The Application Set contains several useful tools, and is a great choice as a starter set, for promotional purposes, customer relationship gifts and sales incentives. Contents: Toolbelt, Magnets, Snitty, Application Knife, Squeegee Pro and Application Glove.
