

Avery Dennison®

SignFlex™

Get your brand on the road!

Trucks can be your brand's best shopping window - travelling hundreds of kilometres across the continent every day. Avery Dennison SignFlex™ stands out, with colour-fastness and durability. It's the obvious choice when you want to catch the attention of an audience on the move.

Now back on the market with welcome improvements, SignFlex™ resists many climate conditions and temperature changes. Durable and UV-resistant, it has been developed especially to adhere to flexible substrates such as truck tarpaulins. You

benefit from strong adhesion, conformability and flexibility, and the curtain will withstand being opened many times each day.

Personalise your trucks with branding or advertising messages - choose from six unique gloss colours. Bring your brand to life - this opaque cast film comes in six colours to be sign-cut and can be digitally printed using print platforms such as solvent, eco solvent, latex or UV curable inks.

FLEET MANAGERS
